

**2013-2014  
Rotary District 5160  
District Designated Funds  
District Grant and Global Grant Policy**

**Overview**

Since the 2010/11 Rotary year, District 5160 has been one of 100 Rotary Pilot Districts testing proposed changes to The Rotary Foundation's (TRF) grant program. The final year of the pilot is 2012/13 and, beginning with the 2013/14 Rotary year, a new grant program based on the pilot project will be launched in all districts. TRF's new grant program supports district and club humanitarian and educational projects through three types of grants: District Grants, Global Grants, and Packaged Grants.

- **District Grants** are block grants that allow clubs and districts to address immediate needs in their communities and abroad.
- **Global Grants** are grants that range from \$15,000 to \$200,000. The minimum award from TRF is \$15,000, and the award must be matched by the applicant or outside funding source, resulting in a minimum \$30,000 total project cost. Global Grants fund large international humanitarian projects, vocational training teams, and scholarships that have sustainable and measureable outcomes in one or more of the areas of focus.
- **Packaged Grants** are grants that allow clubs and districts to work with Rotary's strategic partners to implement pre-designed projects.

**Definitions** *(grouped by subject activity)*

**TRF** - The Rotary Foundation

**Memorandum of Understanding** - required agreement between the club and district for participating in the grants program.

**District DDF** - District Designated Funds available for District Grants

**Global DDF** - District Designated Funds available for Global Grants

**Grant Applicant** - A Rotarian, Rotary Club, District Sub-Committee, or the District Governor who has submitted a District Grant application, Packaged Grant application, or Global Grant Proposal

**Grants Review Panel** - A panel comprised of at least eight Rotarians from throughout the District appointed annually by the District Rotary Foundation Chair

**District Grant DDF Allocation Panel** - A panel comprised of the District Grants Chair and at least four members selected from the District Grants Review Panel who will evaluate District Grant applications

***Global Grant DDF Allocation Panel*** - A panel comprised of the District Grants Chair and at least four members selected from the District Grants Review Panel who will evaluate Global Grant proposals

***Grant Approval Committee*** - A committee consisting of the District Grants Chair, the District Governor, and the District Rotary Foundation Chair

***District Foundation Committee*** - A committee consisting of the District Rotary Foundation Committee Chair, the District Grant Committee Chair, and the District Stewardship Chair

***District Stewardship Chair*** - The stewardship chair is responsible for ensuring the careful management of Rotary Foundation grant funds and for educating Rotarians on proper and effective grant management

### **Areas of Focus**

District Grants may be for any project or activity that the district, through its grant approval process, believes supports the humanitarian and educational activities that relate to the mission of The Rotary Foundation.

Global Grants must satisfy one or more of the following areas of focus.

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development

Packaged Grants, by design, meet one or more of the areas of focus.

### **District 5160 Grant Policy Approval Process**

The proposed Rotary District 5160 DDF, District Grant, and Global Grant policy will be distributed to club President Elects for review and comments. President Elects, on behalf of their club, will be given a 10-day comment period after which the policy, along with club comments, will be sent to the District Foundation Committee for approval. The proposed policy will be posted on the District website during the comment period. Additionally, members of the various sub-committees of the District Foundation Team can review and comment on the policy during the same period.

The District 5160 Rotary Foundation Committee in consultation with the District Governor, the District Governor Elect, and the District Governor Nominee will approve the District Grant and Global Grant policy for the 2013-2014 Rotary year.

The approved policy shall be posted on the district website.

### **District Designated Fund (DDF)**

The 2013-14 District Governor (DG), District Rotary Foundation Chair (DRFC), and Grants Committee Chair, are charged with deciding the priorities and allocation plan for how the district will use its District DDF. The priorities and allocation plan are developed and approved in consultation with the District Governor Elect, the District Governor Nominee, and the District Foundation Committee.

Because the TRF grant application and approval process and the schedule for Global Grants differ from those for District Grants, Global DDF applications are evaluated based on timing and the proposed use of Global DDF's consistent with district policies.

2013-14 Allocations: District Grant DDF's \$125,014; Global Grant DDF's \$119,682<sup>1</sup>.

### **Future Vision Pilot project distributions and on-going distributions**

District DDF: Since the inception of the Future Vision Pilot project, District 5160 has distributed all of the District DDF available, through a competitive process for District Grants. (One exception to this is that TRF authorizes up to 3% of District DDF to be allocated to the district to cover administrative expenses. The amount allocated to administrative expenses will be determined as part of the District Grant Review process).

Global DDF: Since the inception of the Future Vision Pilot project, District 5160 has distributed all Global DDF on a first come, first served basis, with the exception of the allocation of \$15,000 for a Global Scholar Grant. The continuation of that practice is made on an annual basis during the development of the annual DDF allocation plan.

### **DDF funding and record keeping**

The District Rotary Foundation Committee chair is responsible for maintaining accurate records to plan for and track the district's DDF funds. The approved distribution of DDF shall be posted on the district website.

**Limitation to allocation of DDF** - because there is greater demand than availability of both District and Global DDF, the following limitations will apply for 2013-14.

**District DDF** - allocations will be limited to no more than \$10,000 for the first participating club and \$5,000 for each additional participating club. No individual project will be allocated more than \$15,000 unless that project

receives approval under the provisions of District Policy Manual *SECTION X PROCEDURE FOR ADOPTION OF A DISTRICT PROJECT*<sup>2</sup>

## **Global Grants**

TRF, on a rolling basis throughout the year, will accept Rotary Foundation Global Grant applications.

- For Global Grants requesting DDF in the 2013-2014 Rotary year, District 5160 Clubs submitting Global Grant applications will be required to first submit a proposal summarizing the project ,along with financial information to the District 5160 Foundation Grants Chair. *Global Grant proposal forms are located on the District website.*
- Proposals for Global Grants will be accepted for review throughout the year on a first come, first served basis.
- The Global Grants DDF Allocation Panel will review the proposal and the requested DDF allocation and will submit recommendations to the Grant Approval Committee for allocation of DDF.
- Once approved by the District, DDF will be allocated (reserved) for the proposed Global Grant. The Club may then complete the submittal of its application to TRF.
- The Global Grant application must be submitted by the Club to TRF within 60-days after the DDF is approved, or DDF allocation will be rescinded. A copy of the TRF grant application, in PDF format, must be submitted to the Grants Chair.
- It is strongly suggested that members consult with the District Grants Chair throughout the process to allow for better planning of DDF allocations.
- If, at any time during the grant application and process, the area of focus changes, the applicant must resubmit a proposal to the District Foundation Grants Chair for further review and possible re-allocation of DDF.
- If the Global Grant proposal is not approved by TRF, the District will re-allocate the DDF for use with other Global Grants.
