Green, Reliable Energy for Zimba Eye Clinic, Zambia

Green, Reliable Energy for Zimba Eye Clinic, Zambia

Our diesel generator is the ultimate backup,
in case sun, batteries, and Zesco all fail..

Green, Reliable Energy for Zimba Eye Clinic, Zambia

Partner: PowerQuest Worldwide placed solar panels on the mission hospital next door.

Green, Reliable Energy for Zimba Eye Clinic, Zambia

Beneficiaries: Zimba Eye Clinic patients from Zambia, Botswana, and Zimbabwe

This is envisioned to be a Global Grant project

- Estimated cost of solar panel project: \$98,000
- Prior to solar panel installation, IVV will be responsible from its own budget for
 - Building a shed to house battery inverters
 - Changing out current fluorescents to LED fixtures

This is envisioned to be a Global Grant project

**Inviting participation from other Rotary Clubs
and
Planning to request District funds**

Rotary and Interact Project in Agua Prieta

Rotary and Interact Project in Agua Prieta

During a trip by Interactors in 2018, deplorable conditions were witnessed at a nursing home and orphanage in Agua Prieta Mexico.

So we helped where we could

And then we helped some more ...

Rotary and Interact Project in Agua Prieta

The facility's priority needs are new kitchen equipment, new playground equipment, and a solar installation.

Rotary and Interact Project in Agua Prieta

Project Status - Planning Stage
We propose to apply for a
Global Grant for \$98,700.

Rotary and Interact Project in Agua Prieta

Preliminary Budget

Solar Installation	\$53,000
Kitchen Equipment	\$25,000
Playground Equipment	\$16,000
Contingency @5%	\$4,700
 TOTAL	 \$98,700

Rotary and Interact Project in Agua Prieta

We propose two opportunities

1. We would like each club in District 5160 to contribute \$150 or more toward the project.

We propose two opportunities

2. We invite members of any Interact Club in District 5160 to apply to join us on our next annual trip to Agua Prieta to perform community service.
